

HUNG-RITE EQUIPMENT HANGER

HVAC EQUIPMENT HANGER

The Hung-Rite HVAC Equipment Hanger is a fully assembled HVAC equipment support unit capable of holding up to a five ton air handler, or a furnace and coil set weighing up to 400 lbs. Unbox, unfold, make your holes, and hang it rite. The hanger utilizes cable locks for quick leveling and is equipped with 3½” bolts for suspension in a variety of places. Hung-Rite’s hanger gives proper support to eliminate equipment buckling and leaves equipment unobstructed for future maintenance. Predrilled holes are located on the arms, for threaded rod during your commercial installations.

- UL Listed
- Hanger comes fully assembled and ready for installation
- Uses padding to reduce vibration, for quieter equipment operation
- Cable locks allow easy leveling of your equipment
- Hanger is collapsible, and easy to take anywhere
- HVAC contractor designed
- Has separate holes drilled for threaded-rod installations
- Supports up to a 5 ton air handler or furnace & coil weighing up to 400 lbs
