Product Description

- Unmatched for cleaning scum, slime, and other accumulations in air conditioning drain pans and lines
- Super on water fountain and refrigeration drains as well as humidifiers
- Perfect for any size system - from the smallest home to the largest industrial complex
- Deodorizes as it cleans
- Prevents overflow damage and unnecessary maintenance repairs
- Economical - just one application of 8 ounces per month will keep drain lines free flowing
- Biodegradable and environmentally safe
- Used by HVAC contractors internationally
