# Manufactured Housing

## Premier Evaporator Coil

---

# The Premier Upgrade for Any System

ADP premier evaporator coils match perfectly with your system, providing an upgrade over standard matched coils. ADP coils are thoroughly tested to ensure optimal quality and deliver reliable ratings. They are uniquely designed to save customers time on installation. ADP premier evaporator coils are the perfect solution for your application.

---

## R-22 and R-410A Compatible

Greater flexibility for new or replacement applications

---

## Leak Free Rubber Plugs

Suction and liquid lines do not require cutting for installation

---

## Down-turned Headers

Sized out down-turned headers for easy line brazing

---

## Pressure Tested Twice

Ensuring superior performance at higher R-410A operating pressures

---

## Blow-off Protection & Improved Air Quality

ADP provides enhanced protection to prevent condensate blow-off and improve overall air quality. Our manufactured housing evaporator coils are designed to remove unhealthy standing water from the drain pan.

### Reduce Condensate Blow-off

Specially designed downflow drain pan for added protection

### Reduced Installation Time

Drip shield molded into pan, no installation required

### Sloped Drain Pan

Superior drainage versus standard manufactured housing coils

### Moisture Control

Reduced opportunities for growth of mold and bacteria due to standing water

## THE ADP ADVANTAGE

FLEXIBILITY	ADP tailors custom solutions to meet your market needs.
QUALITY	ADP proprietary testing technology ensures leak-free performance at the higher operating pressures of R-410A systems.
SERVICE	ADP coils are made for seamless installation and easy access.
ENERGY SAVINGS	Models are available to achieve higher SEER levels for ENERGY STAR compliance, utility rebates, and federal tax credits.
WARRANTY	ADP coils come with a no hassle 5-year warranty and feature an available 10-year limited warranty. Simply register online at <a href="http://www.ADPwarranty.com">www.ADPwarranty.com</a> .
