

DRAIN ALERT®

The Original
DRAIN ALERT®

Drain Alert® is versatile, built for primary and auxiliary drain pan outlets. It is compact enough to fit in vertical and horizontal applications. The sensor comes with a 1/2" opening and no extra washer is needed to avoid premature cut off. A plenum wire model is also available for commercial building code requirements.

- Made of durable impact resistant material
- Can be used on all 24 V systems
- Translucent body allows for a quick visual inspection of water presence
- Easy to install
- 2 year warranty
- Made in the USA
- No gluing or cutting existing drain lines
- Prewired 18 – 72" lead
- Designed & engineered to be compatible with all makes/models of air handlers
- Vertical deep well rotating head for a secure mount
- For use in metal or plastic drain pans
- Plenum wire model available
 - 60" lead

**NO GLUING!
NO CUTTING!
NO REROUTING!**

QUICK CLIP

The Original
DRAIN ALERT®

The Quick Clip safety switch control is designed to clip onto the side of metal auxiliary drain pans. Equipped with a magnetic float, the unit comes completely sealed with a factory prewired lead.

This switch has been designed to work in conjunction with water only. When the float rises, the circuit will break open and the system will shut down.

- Prewired 18 – 48” lead
- For use in metal drain pans only
- Encased in the same superior packaging as Drain Alert
- Made of durable impact resistant material
- Can be used on all 24 V systems
- Translucent body allows for quick visual inspection of water presence
- Easy to install
- 2 year warranty
- Made in the USA
